

Canine Trigger Point Therapy (CTPT) Registration

To register for the CTPT program, please complete the enclosed registration form (next page) and mail or fax the form to us.

Fees

- Cost of the 3-day CTPT is US \$995 for veterinarians, and \$795 for veterinary technicians and physical therapists.

Dress

Casual and comfortable. Although this is a canine course program, course participants will practice all treatment techniques on each other prior to working with dogs. Men are requested to bring shorts or bathing suits; women, shorts and halter tops, to wear for the practicum sessions. Attendees will practice on each other during the practicum sessions.

Participants must be prepared to expose the body region of study during practice to enhance the overall learning experience. Identification and treatment of myofascial trigger points requires short fingernails.

Cancellation Policy

More than 2 weeks prior to a course:

80% refund. Within 2 weeks of a course, no refunds. We reserve the right to cancel any workshop at any time. If unforeseen circumstances occur and the course is canceled, the full registration fee will be returned or applied to a future course (if so desired), but we will not be responsible for any charges incurred by the registrant, including hotel and airline fees.

Questions?

Contact our offices at 301.656.0220 (ask for Ms. Avelene Mahan, Course Coordinator) or email us at info@myopainseminars.com.
